

Server and Data Storage Location Statement

Server and Data Storage Location Statement

To: [Customer Company Name]

Hereby we certify that all production services of GOODWE are running on **87 servers** located in data centers in Frankfurt, Germany. These servers include Web servers, API nodes, middleware servers, and database servers. All customer data are stored exclusively in Frankfurt and are not transferred or backed up to any other countries or regions.

To ensure data security and compliance, we have implemented the following controls:

- **Data Storage & Backup:** All production data and backups are stored in Frankfurt with no cross-border transfer
- **Encryption:** All data in transit is encrypted with TLS 1.2+ and data at rest with AES-256
- **Logging & Audit:** Critical operations are logged and audited on a regular basis
- **Compliance Certification:** Certified for ISO 27001 (certificates can be provided if required)

By network verification, the domain name www.semsportal.com resolves to IP address [8.209.71.108].
